

QuoroFoam

Absorbent Foam Dressing

Advanced Foam Dressing for Exudate Management

Absorb Excess • Protect Margins • Promote Healing

Exudative wounds like DFUs are common, with unmanaged exudate causing maceration, infection risk, and delayed healing.^[1,2]

QuoroFoam-AB

Silver foam With Silicone Adhesive Advantage of silver

Moderate-to-heavy exudate fosters bacterial proliferation, prolonging inflammation and increasing amputation risk in chronic wounds like diabetic foot ulcers.^[3]

DFU^[3]

VLU^[3]

“QuoroFoam and QuoroFoam Ag can be used as primary or secondary dressings and may remain on the wound bed for up to 1 week.”
